GSI CYCLOTHON

At GSI, our brand purpose — Ride for the Next Generation® — is more than a slogan. It's a movement. A call to action to make our planet cleaner, healthier, and more sustainable through the simple, powerful act of cycling. This Cyclothon is a symbol of unity — bringing together people of any gender/age and all walks of life: Families | Professional Cyclists | Civil Society Groups | Corporate Teams | Everyday Citizens We envision a world where cycles are not seen as a compromise, but as a badge of environmental commitment, health, and freedom. We ride not just for ourselves, but for our children, our communities, and our future.

GSI Cyclothon Matters

Cycling is not only a fitness activity — it's a sustainable lifestyle choice that cuts down pollution, fosters well-being, and strengthens community bonds. Through this initiative, GSI aims to:

- Create a platform for youth to showcase their talent
 - Inspire the next generation to embrace cycling as a fitness sport
 - Promote eco-consciousness and safe, pollution-free living
 - Build a culture of collaboration and health
- Support Vulnerable Lives a portion of the event's proceeds will go towards:
 1. Caring for abandoned elderly parents in old age homes
 2. Empowering rescued and rehabilitated girls with dignity and new opportunities

GSI Goals

Each time someone chooses a cycle over a motor vehicle, they:

- Burn calories instead of fuel
- Reduce air pollution and traffic congestion
- Cut down on carbon emissions
- Serve as a role model for future generations

With India battling toxic air and a spike in lifestyle-related illnesses, GSI Cyclothon 2025 encourages every citizen to take personal responsibility—for their own well-being and for a healthier planet for our future generations

Co- Partners GSI & Fit india

FIT INDIA Movement was launched on 29th August, 2019 by Honourable Prime Minister with a view to make fitness an integral part of our daily lives.
